Assistant Commissioner for Patents

Sir:

RESPONSE TO OFFICE ACTION UNDER 37 CFR § 1.121(a)

This is in response to the Office Action of October 3, 2002.

The Examiner has rejected applicants' claims 33, 38, 41-54 and 56-60 under 35 U.S.C. 102(e) as anticipated by the Tsai, et al. patent. In order to overcome this rejection, applicants intend to rely on the applicants' claim for priority under 35 USC § 119 to establish an effective filing date for subject application of at the latest July 24, 1995, which date precedes the earliest possible effective filing date of April 10, 1997 of the cited Tsai, et al. patent.

As stated in applicants' Claim for Priority filed on September 27, 2001, applicants' priority documents, i.e. Hei 07-185450 (filed July 21, 1995) and Hei 07-187433 (filed July 24, 1995) were previously submitted to the USPTO in prior application Serial No. 08/677,824. Moreover, applicants will be filing shortly certified translation of such priority documents.

I hereby certify that this correspondence is being transmitted via facsimile to the United States Patent and Trademark Office on:

Applicants submit, therefore, that based on the filing of applicants' priority documents and upon the filing of the certified translations, applicants will be entitled to an effective filing date of at least July 24, 1995, which will antedate the earliest possible effective filing date of April 10, 1997 of the Tsai, et al. patent. Accordingly, the Tsai, et al. patent will no longer be a citable reference and the Examiner's rejection based on this patent will have been overcome. Reconsideration is respectfully requested.
